

# THE ISSUE WITH GETTING READY TO GO

daddy issues is a non-periodical  
publication bringing together  
differnet minds around a common issue.

march 2018  
published by lost dad radio  
lostdadradio@gmail.com

Your Index Finger  
 is the second digit formed by several bones - use  
 Your Ego Finger  
 to express power  
 remember, the outstretched  
 Jupiter Finger  
 transmits forces...  
 The Teacher  
 tells children how to kill an angel by pointing at others with  
 The Arrow Finger - but  
 The Demonstrator  
 is afraid that  
 The Pointer  
 will loose its powers  
 Your Click Finger  
 builds a bridge to our ancestors  
 Your Insignitor  
 speaks bodylanguage animals will understand  
 Your Pointling  
 directs the view on things...  
 bending  
 Your Index Fingers  
 turns them into  
 Your Dream Digits  
 Now close your eyes, but keep looking  
 dab your knuckles on your eyelids  
 rub your hooded eyes.  
 This massage leads  
 into the core of your being,  
 taps you into the mass subconscious,  
 stimulates the mind and  
 bridges the bays between sleep and wakefulness  
 conscious and unconscious life

Yes! So let's see what's  
 in this badboy!  
 It's very difficult to  
 eh...  
 This is the money shot  
 Mmmmm  
 What ~~\_\_\_\_\_~~ just  
 happened?  
 Well,  
 The something is from  
 Backpackinglighte.  
 co.uk? (question mark  
 to question what he  
 is saying)  
 Some picks,  
 A cd.  
 And then here we have like some  
 dry bags I think yh? (question  
 mark to indicate a question sort  
 of tone in voice)  
 There's also some skittles, that's  
 good, this here.  
 What ~~\_\_\_\_\_~~, so here we have  
 first of all, a military grade 3mm  
 paracord for the tarp and then  
 here, the tarp itself.  
 I'm gonna put it here, i'm gonna  
 wait.  
 This is the money shot itself.  
 So... I don't know what this is.  
 Oh  
 Thank you for your order,  
 happy tarping - question, no,  
 exclamation mark.  
 Rose.  
 I'll put this here.  
 What is this?  
 Oh this is the ground cover.  
 Ummm  
 So we put it on the floor, you  
 don't get dirty.  
 It's quite nice.  
 I'm gonna put it here.  
 Ah I think the cd is like a  
 instruction video.  
 The tarp video, by the same  
 company.  
 Kinda strange... Yh.  
 We have these nice dry bags.  
 Let's put it here, good very good.  
 It's beautiful, it's like in  
 different sizes.  
 Ermmm and now we have the tarp.  
 It's also great, this is err real

nylon, it will hold all  
 the rain out.  
 Ooh, picks wait there was all the  
 other  
 picks. Here they are.  
 They look like regular ones but  
 they're not.  
 They're like high class.  
 But then you also have some other  
 picks here.  
 I dunno, it's from the tarp  
 itself, and a little string.  
 So yh thank you, for a great  
 opportunity to shoe my stuff.  
 Don't forget to check out  
 backpackinglight.  
 Great equipment.  
 Don't forget to ~~\_\_\_\_\_~~ subscribe  
 to our ~~\_\_\_\_\_~~ channel, lost dad  
 radio.  
 And also don't forget to hit the  
 notification button so you will get  
 all our latest videos.

Peace out.

**FOLLOW THESE RULES; AND YOU WILL  
NOT ONLY SURVIVE; YOU WILL  
SURTHRIVE!!!**

###for self preservation longevity!!!!###

- Drink water
- None of us plan to fail, but we may fail to plan ( so always plan )
- Self image is like a thermostat, you will not underperform or over-perform it for very long ( so develop & maintain good self image )
- Drink water
- The probability of achieving the outcome will increase once you let go of the need to have it
- Drink water
- Attitude, Aptitude, Desire. If you have these, and you have confidence, surviving will be easy
- Never assume anything
- Awareness, Assessment, action, analysis ( for threat assessment )
- Keep your knife sharp, and your awareness sharper
- Drink water
- If you have energy to complain, you haven't used even half of your energy storage
- Drink water
- Two is one, one is none ( so pack enough )
- high speed & low drag ( so only pack the essential )
- Everything is fine, until that exact moment when it's obviously not
- Early is on time. On time is late
- Don't practice until you get it right; practice until you can't get it wrong
- Mobility = survivability
- Drink water ( 95% of your life problems can be solved by drinking water ( a 3% water deficiency will reduce your energy 20% ) )
- Keep it simple
- In a world of ambiguity you have to be a master of adaptability
- Slow is smooth, smooth is fast ( so dont worry being too slow, just do the best you can )
- Limits begin where vision ends
